	2 Scarborough AC 'A'	38	8,14,(16)	14/125

* = Bonus points not included

= Non-counter (team)

Comments:

The weather for the last counter in the Dave Parry Lets Run Winter Fell Race Series 2021/22 was just about right, early morning sunshine replaced by slate grey clouds and a definite chill on the north easterly breeze, though the rain held off. Doubling up as a North East Fell Championships counter meant a number of North Eastern runners headed down the A19 and A1, along with visitors from East Hull, Otley and Wharfedale plus a Manx Fell Runners member we had an eclectic mix.

In the race itself, 103 competitors signed up for 2022 version at registration hosted courtesy of The Lion Inn. The Blitz can unravel for the unwary, with two descents and one climb on the way out and one decent and two climbs on the return, including the the mile long ascent to the finish.

Run of the day and no unravelling goes to Cath Williamson Loftus and Whitby in 9th overall who claimed a new women's course record of 89 minutes 25 seconds taking a minute off Scout Adkins old mark. In second was former course record holder Kay Neesam (FV50) New Marske Harriers and Nik Tarrega York Knavesmire Harriers in third. Northumberland Fell Runners women took home the team prize represented by Laura Taylor and Karen Robertson (there were no teams with three finishers).

It was Lee Kemp Esk Valley Fell Club who lead home the men and the winning team supported by Thomas Naisby, Rory McIntosh and Richard Veitch. Sam Bennett Individual was second and Ali Burns Wharfedale was third and first veteran.

Series results, the best five series race finishes plus any bonus points will be totted up and series positions calculated.

Next fell race event is the English Championships counter Guisborough Three Tops on Saturday 30 April 2022, volunteers let me know.

The Dave Parry Lets Run supported by Rab Summer Series 2022 starts with the Fox and Hounds on Sunday 15 May 2022. Registration is being held at the Yorkshire Cycle Hub, so its a new start finish arrangement with the main loop retained. Map will be posted in the next few days.
